PREFACE.

This volume is revised under the directions contained in Punjab Government letter No. 2279-Rev., dated the 14th June 1928, and under the instructions received from the Director of Land Records in his letter No. *2112—1-29*, dated 30th August 1928. Every effort has been made to collect figures for all tables. The figures for table No. 2 are not available as no meteorological laboratory exists in this district and table No. 9 has been omitted under Director of Land Records' letter quoted above. The Migration figures relating to the census of 1931 for table No. 8 also could not be had as no information was supplied by the Census Superintendent in his report. The prescribed uniformity has duly been observed.

Reports of various tahsils. Their total does not tally with the figures shown against the district, the difference is partly due to the fact that figures for Tallagang were taken for 1899-00 as the 1897-98 only and partly to the variations between the entries of Assessment Report and note-books

Reports of various tahsils. Their total does not tally with the figures shown against the district, the difference is partly due to the fact that figures for Tallagang were taken for 1899-00 as the 1897-98 only and partly to the variations between the entries of Assessment Reports and note-books
